

Update from Synergy Resources Corporation

Posted: 11-9-2015

The Town of Erie has been notified by Synergy Resources Corporation that they began the process to plug and abandon the Pratt 29-3 well on Friday, November 6, 2015. This well is located north and west of the intersection of Weld County Road 5 and Weld County Road 4.

This operation will be a daylight only process and should be complete by Wednesday, November 11, 2015.

Please direct questions to Terry Dewey, Production Superintendent, or Brianne Visconti, Operations Administrator at 970-515-7535.
